Step 1. Navigate to ibm.com/academic and register with your smartinternz mail

The image shows a browser window with the URL ibm.com/academic/home. The page features the IBM SkillsBuild logo and a large image of a group of people sitting on a curved brick wall, working on laptops. Below the image, there is a text block that reads: "Harness the power of IBM. Get easy no-charge access to the tools you need to develop the next great thing. Enjoy powerful technical and strategic resources from IBM. Jump right in with access to powerful services and the most prominent open-source computer technologies, or take advantage of hands-on resources that will teach you about data science, artificial intelligence, security and more." Below this text are two buttons: "Already registered? Log in" and "Register now".

The second screenshot shows the registration page at academic.ibm.com/a2mt/email-auth. The page has a header with the IBM SkillsBuild Software Downloads logo. On the left, there is a photo of two young women looking at a laptop. On the right, the text says: "Enter your academic institution issued email to begin". Below this, a note states: "Only the students and faculty of participating academic institutions are eligible to access this website. Please enter your academic institution issued email below to register." There is a text input field containing the email address "913119104106@smartinternz.com". Below the input field, there is a link that says "Find answers in our frequently asked questions" and a blue "Submit" button. A "Cookie Preferences" button is visible in the bottom right corner.
